SOME New York bankers adhere to the belief that the counterfeit Seven-thirties were printed on the Government plates in order to supply deficiencies through fraud in the Treasury Department. It is hardly probable that they are right in such opinion.

THE President authorizes the publication that he is determined to test the constitutionality of the Tenure of Office Law before the Supreme Court. He is seeking a successor to Stanton, and hopes that the Senate may refuse to confirm an appointment, so that the matter will be brought before the Supreme Court for settlement. It looks as though Mr. Johnson has discovered that in the suspension of Mr. Stanton he set a bad precedent, and one on which Congress may act in suspending himself.

THE news from Florence, by cable, this morning, is very exciting. An engagement has taken place between the volunteers of Garibaldi and the Papal troops, at Verola. The latter were defeated. It is highly probable that the Pope will flee from Rome and take refuge in Bavaria. There can be little doubt but Garibaldi will succeed in his present movement, and we may anticipate at an early date the occupancy of the Eternal city. France is doubtless preparing to interfere, as great activity prevails at Toulon.

RUFUS LADGE, a sea captain, was bound over in $5,000, by Judge Holland, of New Orleans, to appear for trial on a charge of frightful cruelty to two boys on his ship, who had come aboard at Liverpool and hid themselves, to get to this country. The details of the tortures to which this fiend subjected the poor, helpless boys is revolting in the extreme. He beat and tortured them until they were all bruised and bleeding, then compelled them to wash themselves, and one another, in brine, and rub with hard brushes and sand paper. Months have elapsed and they have not yet recovered from the effects of his barbarity. Such creatures should be shut up in solitary confinement for life, away from all kin of their race.

WE had the pleasure yesterday of receiving a call from S. M. Pettengill, Esq., of the well known and responsible advertising agency of S. M. Pettengill & Co., New York. He is stopping at the Monongahela House. The firm of which he is the senior member have long been engaged in the advertising agency business, and by strict honor, attention and care, have been remarkably successful, and hold the respect and confidence of every newspaper proprietor in the United States and Canadas.

IN MISSOURI, during the war, a loyal stage driver persisted in driving his route. His friends, fearing for his life, tried to frighten him. His horses were near a graveyard. One played ghost, when he went, at midnight, to get them. The ghost stalked solemnly across his path, all in white, saying "beware!" "Whoa, January," says Jehu, delivering a lusty kick on the side of the spook, "Wot yer doin' out here this time o' night? Git back in yer hole!"

GOV. SWAN was to review 5,000 troops in Baltimore, on the 15th, all in Confederate gray, the first division of his militia. One company was refused admittance until it brought proof that all the members had served under the stars and bars; and they openly say that they intend to support Andrew Johnson, and keep the "rump" out of the capitol.

THE Richmond *Dispatch* gives a very favorable account of the colored schools of that city, and says the whole amount of money spent in this charity by the North is about $100,000. Eight thousand children have passed the primary department, and ten thousand added to the reading population.

ABOLITIONISM has been killed so often that killing appears to agree with it. It was twice killed at Bull Run; once in the seven days battles; at the polls in '62, and at Chancellorsville in '63, and it is highly probable it will be all the healthier in '68 for its recent killing in '67.

EIGHTY persons have been killed this year in Italy by infuriated peasants, who suspected them of scattering a poison, and thus producing cholera.

—An unexpected tableau was given the other evening at the French Theatre in New York, where Mrs. Lander was playing "Elizabeth." The audience had been in the habit of demanding a repetition of the tableau at the close of the drama; but on the night in question it was supposed the house had emptied itself without the encore. It seems it had not, however, and the curtain rose suddenly, discovering the queen of England restored to perfect health, sitting up on her cushions talking glibly with Essex, who had survived his decapitation and was standing there very complacently with a cigar in his mouth and a cotton umbrella under his arm. "Burleigh," the venerable prime minister, had removed his wig and was drinking a glass of lager beer, while "Lady Howard" was waltzing with "Sir Francis Drake" to the regular puffs of her (historic) husband's cigar. The house burst into a fit of laughter, and the curtain fell again, to the amusement of the audience and confusion of the actors.

—The French papers announce the death of two noted personages—the oldest prisoner and the oldest executioner in France. The former individual was 84 years of age, 45 of which he had passed in prison walls. He opened his career in 1815, by personating Marshal Brune, of whom he was the valet, and reviewing the French troops at Valenciennes. Railroads and telegraphs not then existing, the imposture was not discovered until the impostor had received the homage of the whole city. The deceased executioner died at Noyon, and was 83 years of age. He was formerly public executioner in the department of the Correzo. He was also assistant executioner at Paris at the period when Robespierre, Saint Just, and other members of the Convention, died in turn upon the scaffold; and he used willingly to relate, perhaps with some exaggeration, the part he performed in the execution of these personages.

—In Nahant township, Darke county, Ohio, one day last week, some workmen were sinking a well, and having got down some twenty-five feet without finding water, they began to bore for it. They had worked through the earth about fifteen feet further, when the auger suddenly sunk into a hollow, whence issued a strong stream of gas, which made so loud a noise that it could be heard a hundred and fifty feet from the mouth of the well. A man named Supinger, who was in the well managing the auger, was prostrated and rendered insensible, and died before the workmen were able to rescue him, and he was removed with hooks attached to ropes. For more than a day the gas continued to escape, and crowds of curious people from the surrounding country flocked to the place to see it, and hear the wonderful sounds issuing from the well.

—The Marquis of Brete, who has just returned to England from Iceland, says that on the 27th of August, when his yacht was about two hundred miles from Mount Hecla, on his way home, the brass mountings on board became suddenly discolored, and it was then conjectured that there was a volcanic eruption in Mount Hecla. On arriving shortly afterwards at North Paroe, it was ascertained that the mail steamer, which had left Iceland later than the yacht, had brought intelligence of an eruption which had been so terrible in its nature that the inhabitants of Reikavik, living at a distance of about one hundred miles from Hecla, were nearly suffocated by the sulphurous flames from the volcano.

WASHINGTON, D.C., Oct. 15th, 1867.

FIVE-TWENTIES FOR SEVEN-THIRTIES.

The following was issued this morning: *Treasury Department, Oct.* 15.—The Department is prepared to give Five-Twenty bonds of 1867 in exchange for Seven-Thirty notes, the interest to be charged on the bonds and allowed on the notes up to the time of conversion. The notes to be forwarded to the Assistant Treasurer at New York, or to the Department here, at the risk and expense of the holders. The bonds to be returned at the risk and expense of the Department." [Signed]

H. McCULLOCH, Sec. Treasury.

THE SECRETARY OF WAR MATTER—TENURE OF OFFICE LAW HELD UNCONSTITUTIONAL.

It is said that the President has sent for General F. P. Blair, Jr., to take the place of General Grant. The President says that whoever shall take the place will receive the appointment outright as Secretary of War, vice E. M. Stanton, removed, as it is the purpose of Mr. Johnson to make an absolute removal of Stanton under the law as it existed prior to the passage of the Tenure of Office Act, which is held by the Administration to be unconstitutional. In this opinion Mr. Stanton concurred when the bill was passed, and he himself prepared a portion of the veto message denying the power of Congress to pass such an act. The removal of Mr. Stanton will be accomplished in the manner herein indicated. The President will simply send his message to the Senate nominating A B to be Secretary of War, vice Stanton, removed. By this means it is expected, in case the nominee be rejected, that possibly Stanton may claim that he shall be reinstated; but being out of the office, he will be compelled to seek his legal remedy by mandamus or any other mode, if there be any other, pointed out by law. This will bring the question as to the constitutionality of the Tenure of Office Act before the Supreme Court for adjudication, and by its decision the right of Stanton to hold the office will be decided. Under the old law the Executive had power to suspend or remove, and the suspension of Stanton was adopted for the time being, out of abundant caution, and in order that the act might also be within terms of the tenure of office bill; but, in the first instance, it was the purpose of the President to make an absolute removal of Stanton sooner or later.

[The publication of the above, in respect to the "removal" of Mr. Stanton, and the constitutionality of the tenure of office law, is stated to be authorized by the President.—ED.]

TURK'S CHILD BAPTIZED.

NEW YORK.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, Oct. 15, 1867.

MEETING OF RAILROAD MANAGERS—NOT HARMONIOUS.

The *Express* says: A very large meeting of railroad managers was held today. Nearly all the principal Western roads and Great Trunk lines were represented. There was a long discussion on various topics, and the feeling between the East and the West is not of the most harmonious character. It was informally agreed to advance freights, but a time not set, although the first of November was generally concurred in. The trunk lines demanded their *pro rata* of passenger fares, but the western roads did not agree to this, although their representatives were willing to yield the point in regard to freights. We understand the Presidents of the Erie (New York) and Pennsylvania Central roads have determined to keep their *pro rata* share out of the money collected.

YELLOW FEVER AT NEW ORLEANS—EPIDEMIC DECLINING.

RUMORED EMBEZZLEMENT.

A rumor is current this afternoon that one of the employees of a bank in the Bowery had absconded with $100,000, though on inquiry made at the institution in question no one knew anything about the report.

PEREMPTORY MANDAMUS.

Judge Sutherland, of the Supreme Court, to-day ordered a peremptory *mandamus*, at the instance of stockholders in the Pacific Mail Steamship Company, requiring them to exhibit to them such books as they had, showing the present stockholders.

STATE REGISTRATION.

The registration for the State election, which commenced to-day, is not yet heavy. Only 25,048 were registered to-day.

LOUISVILLE.

Woodlawn Course Races—Second Day.

[By Telegraph to the Pittsburgh Gazette.]

LOUISVILLE, October 15.—There were two races over the Woodlawn course today. The attendance was quite large. The first race was for the Jockey Club Purse of $600, three mile heats, for all ages. Five horses started, and the race was won by Lee Paul in two straight heats. Grant came in second and Brand's chestnut filly third. In the first heat the time was 5:39½, 5:46½. The second race, for mile heats, was won by Lowdon in two straight heats. Counterproof came in second and Tom Porter third. Time 1:47 and 1:47½.

Virginia and Tennessee Railroad.

[By Telegraph to the Pittsburgh Gazette.]

RICHMOND, VA., Oct. 15.—The committee of the Virginia and Tennessee Railroad have returned from Washington, and report a satisfactory interview with General Grant in relation to military prohibition. The election for President of the road will be withdrawn. The prohibition was not caused by political reasons, but was the result of the failure of the Railroad Company to pay for rolling stock purchased of the Government.

Sheridan En Route West.

[By Telegraph to the Pittsburgh Gazette.]

CLEVELAND, O., October 15.—General Phil. Sheridan passed through this city *en route* for Columbus and the West this evening. He was met at the depot by an enthusiastic crowd. He thanked them for the welcome, and with cheers for the little hero he was off.

TELEGRAPHIC SUMMARY.

—General Sherman's mission to Washington, it is now stated, was wholly in relation to Indian affairs.

—The Tehama flouring mills, at Tehama, Cal., were destroyed by fire yesterday. Loss, $40,000.

—Samuel Barron, of Virginia, ex-Commodore in the rebel navy, has been pardoned by the President, on the recommendation of Gov. Pierpoint and Attorney General Stanberry.

—Warren M. Kip, an employe of the American Express Co., at New York, has been arrested for embezzling a large amount of the company's funds.

—General Grant told the Southern Episcopal Ministers that he did not seek a higher office, but if elected President he would obey the will of the people as he had always done.

—At Easton, Preble county, Ohio, Monday night, a disturbance occurred in French's circus, during which a man named William Thomas fired at the ring master, missing him, but the ball struck a young lady named Campbell, killing her instantly. The ball passed through her breast.

—Late advices from Montana say that two companies of mounted militia, under Captain Hughes, had deserted. It is supposed they intend depredating on the road between Montana and Colorado. One thousand dollars reward had been offered for the capture of Captain Hughes.

—It is asserted that the spurious Seven-Thirty Bonds were manufactured inside the Government Treasury building, by means of duplicate impressions in lead off the original plate. The Treasury Department is busily engaged in examining bonds on hand, for the purpose of discovering if there are any more counterfeits of the Seven-Thirties. The Department has learned that several banks throughout the country have been victimized by the hypothecation of these counterfeit bonds by unknown parties.

—A leading Radical member of Congress, from Massachusetts, a strong advocate of impeachment, has announced himself in favor of General Grant for President, and says he is ready to put the most entire faith in him. The question of Vice President, too, is not neglected, and the name of John A. Andrew, of Massachusetts, is very frequently mentioned as a most fit man for the second place.

—At Buffalo, Monday evening, Gen. Sheridan was enthusiastically welcomed, and made a short speech returning thanks. He was also presented by Col. Hoy with a Fenian address of welcome, to which he responded in ordinary phrase. He left for Niagara Falls, and returned to the city on Tuesday, leaving at noon for the West.

—The October Compounds of 1864 matured on Tuesday. The original issue was about sixteen millions. Of this amount there was outstanding on the 25th of September last $13,944,200. Since that time the issue has been rapidly exchanged for three per cents., and it is believed that but a very small amount will be presented for payment. The amount of compounds due in December was, at the close of September, $18,643,000.

—Gen. Grant has allowed an extension of time to several several Southern Railroad Companies in which to pay their indebtedness to the government.

MISSOURI.

Payment of Coupons on State Bonds—Extra Session of the Legislature to be Called.

[By Telegraph to the Pittsburgh Gazette.]

ST. LOUIS, October 15.—It is now stated that the Fund Commissioners of this State have ordered the officers of the Bank of Commerce, New York, to apply the State funds now in their hands to the payment of the past due coupons on State Bonds. The balance to the credit of the State in the Bank of Commerce is over two and a half millions, and is insufficient to pay four and a half coupons.

The Jefferson City *Times* says Gov. Fletcher will call an extra session of the Missouri Legislature about the 1st of December.

It is said that Eastern capitalists have made propositions to take the Southwest Pacific Railroad on the terms of Fremont's contract, and build it at once. This and other important railroad interests will furnish reason for the extra session.

MARYLAND.

INVOCATION.

BY MARY FORREST.

Stoop to me, lofty and lowly One,
Stoop very near!
Smile on me, blessed and Holy One,
Make the way clear.

Show me the Truth in its goldenness,
Without alloy;
Rich, rare and ripe in its oldenness,
Bearing a joy.

Give me that Life in its purity,
Glory and peace,
Which through an endless futurity,
Is not to cease.

Startle my soul from inanity;
Break up its sleep;
Cry to my heart of humanity—
Deep unto deep.

Glow on my being's intenseness,
Till the live flame
Mounts through the dim, earthly denseness,
To its great aim.

Have me all day in Thy keeping;
Lend me Thine hand,
When the lone midnight is creeping
Over life's strand.

An Eventful Career.

A few days ago there died in this city a woman whose life has been a strange admixture of opulence and indigence. Her name was Theresa De Noyer, a native of Montreal, Canada, and a descendant of a very old family of that name. She came to this city some thirty years ago, being at the time a young lady, to visit some relatives living in the vicinity of Portland. While here she moved a great deal in society, and met a man of whom she became enamored, and finally eloped with him to New Orleans. Every inducement was held out by her friends for her return, but she refused to listen to their counsels. To avoid their constant solicitations, and fearing they would go after her, she removed, with her paramour, to Rua'an Island, in the bay of Honduras, and in time became very wealthy. Her betrayer died there, and she was shortly afterward stripped of her property by an unprincipled Englishman, and was thrown upon the charity of the captain of a fruit schooner for a passage to the States. She arrived in New Orleans in 1850, penniless, but has since been possessed of property to the amount of $100,000, but misfortune again overtook her, and she returned to this city at the close of the war, where she lived in abject poverty. She died at the age of fifty-four, destitute of money or friends. "Such is life."—*Louisville Courier.*

—On Monday evening last, the house of Wm. H. Onderdonk, of Manhassett, N. Y., was entered by a burglar at quite a late hour. He was discovered by Mr. O.'s daughter, who grappled with the intruder in the dark, creating a noise which aroused the inmates, who came to the rescue of the girl. Father, mother and daughter entered the contest, and in the course of the affray the whole party, getting too near the edge of the stairs, went down headlong. In the fall the burglar dropped two pistols—one a double barrel and the other a five barrel—and made his escape through the door. Mr. Onderdonk seized one of the revolvers, and with great presence of mind fired upon the audacious individual, and it is thought, wounded him, although he has as yet eluded all efforts made to arrest him.

—A woman, giving her name as Mrs. Gilbert Smith, has been wandering about the principal streets of Elizabeth, N. J., equipped with a pack of cards and accosting ladies with a desire to tell fortunes. On Saturday it was discovered that she was insane, and had escaped from the asylum at Trenton. The poor creature was apprehended by the proper officers and again placed in the institution from which she had departed.

Railroad Discrimination—Meeting of the Senate Judiciary Committee.

The Senate Judiciary Committee, which was instructed at the close of the last session of the Legislature to take testimony during the recess of that body, relative to the workings and management of the different railroad lines within the State, and report at the next session, met in the Board of Trade Rooms, on Wood street, in this city, at three o'clock, yesterday, for the purpose of hearing any charges or complaints against railroad companies, and the replies of the companies thereto.

The session convened at three o'clock. Present—Messrs. Schomaker, (chairman,) Bigham, Schall and McCaughey.

Mr. Bigham, at the request of the chairman, stated the object of the meeting, when they proceeded to business.

The first witness examined was Captain C. E. Purviance, who is identified with the coal interest in Venango county. After being sworn Mr. Purviance stated that he, in company with a number of others, had purchased extensive coal lands in Venango county. At the time the purchase was made, the Sage Run Railroad was being constructed, which was chartered under the general railroad laws of the State. That they went to work and opened their mines, but were not able to work them on account of the rates of freight charged on that Railroad, which is now completed. He also stated that a number of other coal companies in that vicinity had been compelled to suspend operations for the same reason.

Mr. Robert F. Kennedy, proprietor of the Pearl Mills, Allegheny, was the next gentleman examined. He testified to the fact that flour was conveyed from Chicago to Philadelphia for one dollar per barrel, of which sum the Pennsylvania Railroad Company received forty-four cents, while the rate from Pittsburgh to Philadelphia, via Pennsylvania Railroad, was sixty cents per barrel, thus making a discrimination in favor of Western shippers of sixteen cents per barrel. He further stated that feed was shipped from Chicago to Philadelphia at fifty cents per hundred pounds, of which the *pro rata* of the Pennsylvania Railroad Company was twenty-two cents, while shippers from Pittsburgh were charged thirty cents per one hundred pounds for the same article. The discrimination, he said, had always been against Pittsburgh and in favor of Western shippers, and formerly to a greater extent than at present. He did not know why the discrimination was made. The capacity of the various mills in the two cities was about 1,500 barrels per day.

Mr. David Kirk was next examined in regard to the freights on oil. He testified that the Pennsylvania Railroad Company charged the same rates on refined oil from Pittsburgh to Philadelphia that were charged from Oil City. That they charged five cents per barrel more for refined oil than they did for crude, when the former was the more desirable freight, and not so liable to loss from fire. They charge greater rates per mile for conveying oil than any other railroad in the country. They charge forty-five cents per one hundred barrels, which is nine cents more than their regular rates for fourth class freight. During the month of August there were 88,000 barrels of oil shipped over the road from Pittsburgh to Philadelphia. The capacity of the refining establishments of Pittsburgh was 6,000 barrels per day.

F. A. Dilworth was next called and fully corroborated the statement of Mr. Kirk.

H. M. Long testified that the Pennsylvania Railroad Company took the risk of fire on all freights, except oil, on which they charged 3c per hundred pounds extra as an insurance, and that they transported oil in open cars, thereby increasing the risk from fire, and thus compelling shippers to insure, which they would not do if the oil was transported in close cars. He also stated that the Railroad company charged them for 350 pounds per barrel, when they only weighed 340 pounds. The remainder of his statement was merely corroborative of what has already been given.

D. M. Edgerton was next called and sworn, and fully corroborated what had been stated by those previously examined.

The Committee then adjourned to meet at ten o'clock this morning, when the investigation will be continued.

Police Items.

ASSAULT AND BATTERY.

Patrick Shannon made information yesterday before Alderman McMasters, against Christ Evers, charging him with assault and battery. The parties are puddlers, and were formerly working in the same mill, from where Evers was discharged, for which he blamed Shannon, who alleges that Evers came to his house in Pipetown about twelve o'clock Monday night, pulled him out of bed, and beat him in a terrible manner. A warrant was issued for his arrest.

Philomena Berger, daughter of Thos. Berger, of Allegheny City, yesterday made information before Mayor Morrison, against Thomas Tickey, charging him with assault and battery. The father of the prosecutrix keeps a beer saloon on South Canal street, Allegheny, and it is alleged that the defendant came into the saloon and asked for a drink, which was refused him, whereupon he went behind the bar and caught the prosecutrix by the hair and struck her with his fist. He was arrested and held to bail for a hearing.

Michael Coward, proprietor of the Ward House, corner of Grant and Seventh streets, was assaulted on Monday evening by two men, one of whom struck him with a chair and the other with his fist. The night watch heard the row, arrested the belligerent visitors, and conveyed them to the lock-up, where they gave security for their appearance in the morning. Coward yesterday morning made information against them before Mayor McCarthy for assault and battery, and after a hearing they were held in the sum of $300 each for their appearance at Court.

ALLEGED PERJURY.

Archibald McClelland made an information before Alderman Taylor yesterday, charging S. L. Fleishman with perjury. The prosecutor alleges that the perjury was committed in a legal proceeding had before Alderman Humbert. A warrant for the arrest of the accused was issued.

COMMITTED.

Levina Frederick yesterday made information before Justice Luke B. Davidson, of Wilkins township, charging her husband, David Frederick, with deserting and abusing her. The accused was arrested, and after a hearing, in default of bail, committed to answer at Court.

SURETY OF THE PEACE—THE PROSECUTOR CAGED.

Charles O'Donnell made information before Alderman McMasters yesterday against his brother, Edward O'Donnell, for surety of the peace. He alleges that the defendant abused his mother, and threatened to do the prosecutor bodily harm. Edward was held for a hearing.

While the hearing was going on, Charles, the prosecutor, who was conducting the case, became disorderly, and although requested several times by the Alderman to keep quiet, refused to do so, and continued to such an extent that "forbearance ceased to be a virtue," and he was sent to the lock-up on a charge of disorderly conduct.

MALICIOUS MISCHIEF.

Catherine Owens made information before Alderman Thomas, yesterday, charging Charles Rice with malicious mischief. The prosecutor alleges that the defendant wilfully and maliciously threw dirt on some clothes which she had washed and hung out to dry. A warrant was issued. The parties reside on Stevenson street, in the Eighth ward.

John Rice made an information before Alderman Thomas, against Catharine Owens, for surety of the peace. The prosecutor alleges that the defendant used abusive language towards her little boy, called him names, threw a brick at him and threatened to do him bodily harm. A hearing was had and the defendant gave bail to answer at Court. The parties reside on Stevenson street, in the Eighth ward.

Sale of Real Estate.

We think we are safe in charging the eloquence of our friend Capt. Harry Smithson, of Smithson, Palmer & Co., Auctioneers, with causing another advance in real estate, if we may be permitted to judge by the extraordinary high prices he has lately been bringing under the hammer. Yesterday he sold at auction to Mr. John A. Kaercher, the residence of Col. J. W. Butler, on Squirrel Hill, for no less a sum than $17,500. This property contained about 5 acres, 119 perches, and the price was unexpectedly high.

Capt. Smithson also sold at the same time a small cottage, with two acres of land adjoining the former place, to Mr. William Barker, Jr., for the snug sum of $6,100.

A New Proprietor of an Old Establishment

Energy, perseverance, industry, application and fair dealing are certain to lead to great success in business life and professional pursuits. We have in our midst numerous representative business men, who have steadily advanced step by step from humble beginnings to positions the highest in social and mercantile life. Perhaps no other city in the country possesses at this day more enterprising, shrewd, honorable and thrifty young business men, than we have here in Pittsburgh. They have modestly forced their way to public confidence and esteem, and are the prominent men, instrumental in giving the city its reputation for go-aheadativeness and enterprise. We daily see those more advanced in years set aside from the turmoils of active trade and their places supplied by young men, who seem to have garnered a life time's experience out of that of others, and who rapidly increase and extend the trade of the house to which they succeed. We were impressed with the truth of these remarks at finding, yesterday, our young and indefatigable friend, Mr. Joseph Liebler, in full possession of the extensive, well known and popular trunk manufacturing establishment, No. 104 Wood street, in the proprietorship of which he has succeeded John Bell, and more recently Gilmore & Liebler, the firm with which he had been connected up till within a few days past. Mr. Liebler has fairly earned his success and prosperity, as he has ever diligently applied himself to his business and earnestly striven for the large share of patronage awarded the firm with which he has been connected. He enters into the manufacture of trunks, satchels, ladies' and gents' traveling bags, carpet satchels, &c., with the determination of sustaining the high reputation of the house, and of increasing and extending the trade. The wholesale and retail trade will find at all times a large stock on hands and as none but the very best workmen are employed in manufacturing the various articles, and as nothing but the most superior materials are used, purchasers can depend upon being well suited. We heartily wish Mr. Liebler success in his extensive trunk manufacturing establishment, and not only bespeak for him a full share of trade, but from long personal acquaintance earnestly commend him to the patronage of our readers.

Address Delivered Before the Steuben County Agricultural Society at Bath, New York, September 27th, by Gen. W. W. Averill.

We are debtor and grateful to some anonymous source for a copy of this most admirable address, which we have read with unusual interest. It is written in a style evinsive of high intellectual culture, and abounds with facts and philosophic deductions on many subjects. The origin and progr[illegible] of agricultural labor; the dependence on it, in a great measure, of the well being of the nation; the rich treasures of the soil, developed only by labor; the assimilation of labor to the creative function; the co-working and co-necessity of science and art with labor; the geological and meteorological phenomena in their relation to soils and agriculture; the diversities of climate and soil, and the adaptation of manures and modes of cultivation to these diversities; comparisons of ancient with modern customs and methods, are among the themes most learnedly treated by the author in this address; but he has with equal research explored such other fields as bear relationship to his subject, such as the effect of agricultural pursuits on the habits and customs of nations upon the social structure of the laws and institutions among men. He also makes comparison between large and small landed estates, and between feudal or slave and free labor. Altogether, we deem this production worthy of a Cincinnatus, and are surprised that the General, whom hitherto the country has known and honored for his achievements in the field of Mars, should challenge equal eminence and prospect for his contributions to the agricultural literature of our country. We regret that we have not space in our paper for the entire address. It is a fit study, as well for the statesman as the farmer.

Campbell's Dining Rooms.

The merchants doing business in the neighborhood of Mr. A. Campbell's first class restaurant and oyster saloon, No. 241 Liberty street, have reason to congratulate themselves on the elegant style in which it is managed. Mr. Campbell has been in the business of catering to the hungry for more than eleven years, and thoroughly understands it in every department. He has just completed great improvements in his clean, commodious, and well ventilated saloon, and it will compare in point of general excellence with any in the city. The tables are always well supplied with the substantials of life and the delicacies of the season. Meals are served up at all hours in the best style, while oysters of the primest quality are furnished either stewed, fried or raw, on a moment's notice. The bar is well supplied with the best and purest of liquors. We know whereof we speak in commending this first class restaurant to the patronage of our readers.

Dissolution and Copartnership.

The attention of our readers is directed to the advertisement of dissolution of partnership of the firm of Loughrey & Frew, Mr. Joseph Loughrey retiring, and succeeded by Mr. W. S. Jackson. The name and style of the new firm is Jackson & Frew. The business of manufacturing saddlery, harness, horse equipage and furniture, trunks, valises, &c., will be continued at the beautiful new ware room, No. 102 Wood street. We wish the new firm abundant success. Our friend Mr. J. F. D. Keating, who was long connected with Mr. Jackson in the management of the Fourth street Livery establishment, will be found with the firm in charge of the office.

Coroner's Inquest.

Coroner Clawson held an inquest on the body of Bernard Macaree yesterday evening. The deceased was engaged in digging a trench for water pipe on Morton street, and about three o'clock yesterday evening, while in the trench, fell in an apoplectic fit, and died in fifteen minutes afterward. He was taken to his residence at the corner of Liberty and Morton streets, where the inquest was held. The jury found a verdict in accordance with the above facts. The deceased was a married man, and leaves a wife and one child.

Shop Lifter Caught.—Nancy Patton, a resident of Foster's Alley, was arrested yesterday evening, charged with shop lifting. Yesterday afternoon she went into the trimming store of McCrum & Glyde, on Market street, and made several small purchases, for which she paid, and while they were being done up she was detected secreting a pair of hose under her shawl. An officer was called in and arrested her, after which her house was searched, where a quantity of fine laces, kid gloves, and other articles of value were found. She was taken to the lock-up, and there remains awaiting a hearing.

Personal.—J. W. Barker, Esq., the senior member of the firm of J. W. Barker & Co., the extensive dry goods dealers of this city, paid us a friendly visit yesterday. We presume it is generally known that Mr. Barker holds his residence in New York city where his time is occupied in buying goods for the house here, thus enabling it to ever keep up with the markets and changes in fashions and declines in prices. Mr. Barker is in excellent health and promises in a couple of years to make our city his permanent home.

The Senate Judicial Committee meets this morning, at ten o'clock, in the Board of Trade Rooms, for the purpose of taking testimony relative to the working and management of railroads. They will probably conclude their labors here today, and persons having anything to lay before them should be present.

Crackers, Biscuits, &c.—The best crackers to be obtained in the city are at the bakery of Wray & Brothers, Nos. 29 and 31 Irwin street, M. Connolly's old and favorably known stand. The wholesale and retail trade supplied at the most reasonable prices. Give them a call.

False Alarms.—There were two alarms of fire in Allegheny City last night, between nine and eleven o'clock, both of which were false. We did not learn how or where they originated. The fire department were out.

No Better Aperient can be found than Willson's Pills. Dyspepsia, Sour Stomach, Costiveness and Torpid Liver are instantly relieved by them. All the druggists in the United States keep them.

Correction.—L. J. Shaler, mentioned in our police reports of yesterday, was not Lewis J. Shaler of East Birmingham.

Pittsburgh Soldiers' Home.

MESSRS. EDITORS GAZETTE:—May I be permitted to raise a voice in behalf of a class of citizens whom we seem to have forgotten, since the storm of civil war has ceased to hang menacing over us. I mean my old fellow-soldiers, crippled and suffering from wounds received while struggling for our beloved country.

What has become, I may ask, of our institutions, which ought to provide for those men whom the fortune of battle has rendered miserable and incapable of self-support? Every day we see poor, crippled soldiers crawling about in the most pitiful condition, their clothes tattered to pieces, half starved, and subsisting upon alms, which public charity too often declines, owing to the fact that comfortable homes have been provided for "*our wounded heroes.*"

But a few words will explain the mystery of this shocking indignity. According to an established rule at the Pittsburgh Soldiers' Home, the bearer of an honorable discharge, no matter whether he is crippled or not, may be admitted as an inmate, and remain a member of the institution as long as he behaves himself. But the term "behave" has been very elastic for some time past, for I have seen the very best men expelled from the establishment for the least trifle. It seems that the caprice of the "*rulers of the Home,*" more than humanity, has dictated the rigorous ordeal. I have still present to my memory the departure of a young man who lost his leg at the battle of Gettysburg. He went to the Home in the beginning of 1866. Prompted by a sense of generosity, he was the first to suggest the idea, when the Soldiers' Monumental Fair was projected, of having the Home represented by a booth, where should be exhibited the handiwork of the "*maimed phalanx.*" Those who were at the Monumental Fair may have seen him stand at the Soldiers' Home table, where his gentlemanly appearance gained for him the sympathies of all who approached him. He, too, fell victim to the ridiculous rule, which makes a vagrant, or a loafer, out of an honest man. We could multiply the examples, for our streets have have become the very show places of the sorrowful recollections of our late war.

But it is stated by the managers of the Soldiers' Home that those measures of order required, and that in order to keep peace within they are compelled to have recourse to them.

In reply: the most common offence is drunkenness, and I would suggest the idea of establishing the rule adopted in other institutions of the kind. Of the Philadelphia Navy Home, for instance, where such offenders are put in the guard house and kept there for a length of time more or less long, according to the character and deportment of the individual. If the offence is of a more aggravating character, let the law and the city jail interfere, for I cannot think that anybody has the right to expel another from his own house, and this [illegible] is the property of the wounded [illegible] soldiers. [illegible] Suffice it to say, that [illegible] But here I stop. [illegible] large amounts [illegible] the people who have [illegible] sums for [illegible] of money towards erecting [illegible] its braves, have willed, too, they should be cared for, not publicly, in the streets, as mere vagabonds, but comfortably and worthily as men, to whose care had been entrusted the salvation of the country. It matters very little, unless they are criminals, what is the offence; they are entitled to this Home, and nobody can deprive them of a benefit accorded them for their gallantry by a grateful people.

A LATE SOLDIER.

Felt in a Fit.—Douglas McClain, an upholsterer, while passing down Grant street, between Sixth and Seventh, fell in a fit, striking the back part of his head on the curb stone, inflicting a serious wound. He was picked up insensible, and carried into the Third Ward School house, and a physician summoned, who attended to his injuries, after which he was taken to the lock-up, where he still remains. His injuries are said to be of a very serious nature, but it is thought with proper care and attention he will recover.

Bold Burglary.—Some daring thieves entered Steele's Hotel, on Monday night, and stole therefrom a trunk left in the office locked and belonging to a stranger named W. B. Cole, hailing from Fentonville, Genessee county, Michigan. They carried it across the street, bursted it open, and stole therefrom a quantity of clothing. No suspicion is attached to any person for the perpetration of this bold robbery.

No Inquest.—We understand the Coroner declined holding an inquest on the body of the child reported by some of the city papers as being found at the old Manchester ferry on Monday, considering it *too small* for grave consideration. The "box" in which it is said to have been found was made of tin, and once contained oysters.

Removed to the Hospital.—Belle Kelley, severely beaten by Cal. Black, in Allegheny, on Monday, has been removed to Passavant's Hospital. Her condition is still considered precarious, and further examination by physicians revealed the fact that her skull was broken in several places.

A Deserter.—Duncan Stanton was arrested near White Hall, on the Brownsville road, Tuesday night, as a deserter from Company C, 34th United States Infantry, and handed over to the proper authorities.

To Alleghenians.—Arthur Kirk, wholesale and retail grocer, Nos. 172 and 174 Federal street, has received one of the best stocks of groceries ever brought to the city, which will be sold lower than at any house in the city. MW*

New York.—Great bargains at No. 52 St. Clair street, in hats, caps and ladies furs.

A Frog Story.

A writer in *Science Gossip* says:

"A near neighbor, upon whose veracity I can rely, recently opened a drain in Kent, when he made the following discovery:—At the mouth of the drain were placed two large stones, in measurement nearly two feet square and three inches thick; the one at the top rested closely upon the one beneath. Upon lifting it from the lower stone, the skeletons of five frogs were discovered; they were in a circle in the centre of the stones, quite flat. Upon taking one of them up and holding it to the light, there was only a thread-like appearance of bones between the dry, flattened and fleshless skins; these skins were clear and beautifully marked. In this state they were seen by several persons, and by each of them the frogs were considered to be dead; but when the water commenced to flow over them there was a slight gasping perceived in the throats of each, by degrees the bodies swelled, and life and motion returned. Then, to the surprise of the beholders, the frogs sprang up and ran away into the drain. How did these frogs get beneath the stone that covered the lower one so closely? There was no space for them to enter or depart, and upon the surfaces there was not the slightest indentation made by the frogs. It was supposed to be thirty years ago that the stones were placed over the drain."

A WESTERN CORRESPONDENT, who writes from Topeka, Kansas, describes the great salt plains on the route of a proposed railroad, from that place as follows: "On a direct line southwest from Topeka, about 219 miles, you strike the great wonder of the West, the 'Salt Plains.' These plains are 100 miles in length by 40 miles in breadth, and are one of the curiosities of the age. Traversing them you will occupy at least twelve hours ordinary riding over a level plain completely covered with salt in the form of a crust, varying from one to two inches thick, as white as this sheet of paper before touched with ink, and of sufficient strength to bear up, without breaking or crumbling, an ordinary wagon load. Underneath this crust, a little below the surface, there is a strata of solid rock salt, only accessible by quarrying, producing the finest specimens of crystalized salt I ever saw. The supply is perfectly inexhaustible. The Atchison, Topeka and Santa Fe Railroad will cross these salt fields very nearly through their centre, and thus give the road every alternative section in a distance of upwards of forty miles. The Indians here get their supply of salt, and the Government has frequently sent trains there to get salt supplies. A railroad over them could supply the world with an article of salt not surpassed in quality by any the world ever produced, and I need not say to what extent it would afford business for a railroad, for of that any reasonable man can judge sufficiently.

"I DON'T SEE IT."—Lord Nelson was undoubtedly the author of this slang phrase. At the celebrated battle of Copenhagen, Nelson, who determined to continue the fight, but whose attention had been called to a signal of the commanding officer to cease hostilities, placed his hand over his good eye, and pretending to look with his blind one, said "I don't see it," and at once ordered a brisk renewal of the engagement.

REBEL EQUALITY.

The principle, which now serves as the foundation stone to all Democratic platforms, is, that a rebel to this Government has all the rights under it that appertain to a loyal citizen. In other words, the fact of rebellion is to be totally ignored, and "the Government of our fathers" resumes its functions, unchanged and oblivious of "the late unfortunate difficulty" between the States. Nor are Democrats alone in this theory. Mr. BEECHER, being more Christian than CHRIST, has lent all his great influence in favor of pardon without repentance. Other prominent Radicals have combined in deeds of supererogation not quite so difficult to the individual as dangerous to the nation, i. e. forgiving crimes against other people, and the injuries inflicted upon their neighbors. There is a command in a book which used to be the standard of morals, viz: The Bible, which requires every man to forgive his own enemies, to the extent of returning good for evil, and his offending brother, who turns and says, "I repent;" but this is superceded by the new standard, which forgives injuries by which you are not injured, and brothers who say "I do not repent." To our mind there is a vast difference between forgiving injuries from your brother and to him. The rebels sinned against the brave men who lost their lives in suppressing the Rebellion, and against their bereaved relatives and those dependent upon them for support. Especially did they sin against those who died by the lingering tortures of cold and hunger. This nation sinned against them in not defending her defenders. We all sinned against them in not straining every nerve to release and protect them from the barbarity of their captors. It may be very magnanimous for the nation, and her leading philanthropists, to forgive their own transgressions, to say "peace be still" to that voice of a brother's blood crying out against them from the ground, but we fail to see it in that light. The martyrs of the war may each have forgiven the taking away of his life, and all other wrongs done to him. God *may* forgive their murderers, but He *will* not, without repentance, and has given us no warrant for being more merciful than He Himself.

As extremes meet, and all things are prone to work in circles, many Radicals have come to join hands with the Northern sympathizers with treason, who have never dropped the clasp of traitors palms from the first hour of the taking up of arms against the Government. Amnesty for treason and the equality of rebels and loyal men, have been so preached and acted upon that the mass of loyal people are disgusted and disheartened, and their disgust has manifested itself in the popular vote on negro suffrage in Ohio.

Negro suffrage in the rebellious States was a part of the reward of loyalty and of the punishment and cure of rebellion. Congress decreed that negroes should vote in these States, because they had been always loyal, and the majority of the whites had been disloyal, and the white loyalists desired their enfranchisement as the only mode of restoring the States and making them loyal communities. The logic of this was so natural and apparent that democratic people and presses hailed the measure as one which must commend itself to the masses. The Chicago *Times* said in 1866:

"The people will certainly go for impartial suffrage; we can't help it; and if we do not get on that platform we shall be run over and crushed."

But Republicans, in Congress and nominating conventions, forgetting the distinction between rebellion and loyalty, enquired, "How can we enforce negro suffrage in the South and deny it in the North?"

The question has, on its face, the admission that treason has ceased to be regarded as a crime, that it is not to be made odious; that traitors are not to be punished, and that the status of loyal Ohio differs so little from that of disloyal South Carolina as to require fine points of discrimination to make the proper distinction. It is this general admission of rebel equality which has fallen as an extinguisher upon the enthusiasm with which the people carried the Republican party through the war. In the recoil which followed their disappointment at the escape of all the Southern criminals whom they had captured at so great a cost, at seeing rebels elevated to places of power and loyal men repudiated, and at finding themselves always compelled to drive their leaders instead of following them, the people have fallen back into the old, worn ruts of prejudice and passion, out of which the war had for a time lifted them. We have ever advocated, and shall ever advocate, manhood suffrage, but to press the question in the loyal States now, on the ground that we cannot, consistently, enforce it in the South, and refuse to do so in the North, is to ignore the distinction between treason and loyalty; is to assume the Democratic ground of Rebel Equality. The true policy of the Republican party is to reconstruct the governments of the Southern States. The Northern States have a clear constitutional right to regulate their own affairs. The Negroes in them are amply protected in their persons and property. The loyal men in them can carry on the governments without their assistance; and as their ultimate fate is bound up in that of their race, they and their best friends should desire to see the experiment fairly tried of lifting millions of them from slavery to citizenship, unembarrassed by the invocation of State pride and personal prejudice. The Negroes of the North have been depressed by the degradation of those of the South, and must be lifted by their elevation. The work of emancipating them, elevating them to all the rights of citizens, and reconstructing the governments of all the rebel States, would appear to be enough for a generation of intellectual giants. Let this be completed before revolutionizing the loyal States. Let the Republican party, at least, keep up a marked distinction between treason and loyalty; and leave Rebel Equality to the care of the Democracy.

THE WHITE MAN'S PARTY.

In the address of WM. A. WALLACE, Chairman of the Democratic State Central Committee, congratulating his fellow partisans upon their success in the late election, he pledges himself and the party he represents to the "preservation of the supremacy of our own race."

Had a Mississippi or South Carolina rebel said this, and called upon his party to take such a stand, there would be some sense in it; but for a leader of a party in Pennsylvania—where the other race constitute only about one fortieth part of the population, and where they still labor under many political, social and industrial disabilities, are generally poor, and struggling, in their weakness, to better their condition by means which all good men must and do approve—for him to proclaim from his high position of place and power, that henceforth it shall be the great work of the party over which he presides to crush down and keep down this weak and humble class of their fellow beings, is about as humiliating an exhibition of depravity, cowardice and meanness as could well be made. Were the supremacy and dignity of "our race" to depend upon such men as WALLACE, we might at once find our proper places in a scale immeasurably below the negroes. The white man who fears the negro in the race for supremacy is already too degraded to be fit for American citizenship, and utterly devoid of the generous impulses of a freedman.

POLITICAL.

The great victories of the Democracy, thus far, is an exchange of WADE for BUCKALEW, in the United States Senate; and Mr. BUCKALEW will hardly feel complimented in the estimation that Mr. WADE is esteemed a so much better man than himself, that his friends are falling into convulsions of delight over the barter. We must regret the defeat of Mr. Wade; but have no great reason to complain of Curtin and Vallandigham in lieu of Wade and Buckalew. If both States cannot be properly represented in the Senate, Ohio would, at least, alternate with Pennsylvania, in the calamity of a Senator who has been delayed, a century, in getting admission to the world.

THE Missouri *Democrat* has a stirring appeal to the Republicans of the West not to fritter away their strength on side issues, suffer a defeat, and so deliver up the Republicans of the South to sure destruction. Let Pennsylvania Republicans read this extract and ask themselves "Am I guiltless; and do I not owe to the imperilled loyalists of the South, a victory to one common cause, in the coming year?"

"They ought not to forget that to their brother Republicans of the border or slave States the contest is one of life or death, and that for them rebel supremacy in the nation means ruin. Trusting in the pluck and endurance of the men of the North, Republicans have raised the common standard in slave States, and in some have conquered. Sustained by the general government a very little longer, they will then be able to take care of themselves. But the North would be faithless to the most sacred of all obligations if, with complete victory within its grasp, it should abandon these men to the mercy of their enemies. Remember the butchery at New Orleans! If the freemen of Kansas are not afraid of rebel supremacy, let them think whether they have a right to inflict that penalty on the Republicans of Louisiana. If Minnesota would run the risk, in order to vote upon some railroad or temperance issue, let her remember that the risk of rebel rule means something to Missouri."

EDITORIAL GLEANINGS.

DURING the summer the epidemic of conflagrations had ceased, or at least abated; but it seems about to break out with renewed violence, now as cold weather returns. Whether this is providential, and a sort of tempering of the severities of the climate to the freezing ones, or results from the rekindling of the winter fires, is a problem of very little interest to the sufferers. Chicago has taken the lead in this matter, and within twenty-four hours lost eight dwelling houses and a number of barns and stables. As most of the houses were of the poorer class, the amount of suffering indured must be very great.

A WELL DRESSED, respectable looking man was found in a dying condition in the streets of St. Louis. He was taken to a station house, where he breathed his last. He was not in liquor and had not the appearance of an intemperate man, and as his pockets contained but sixty cents, a strong suspicion of drugging and robbing is entertained.

THE PAPERS all over the country are teeming with accounts of burglaries. This branch of crime seems to be decidedly on the increase, and, what is worse, the majority of the detected thieves prove to be young men. It may be that the old hands are too expert to be caught often, but it looks bad to see so many youths thus engaged. The English journals complain of the evil effect of trashy novels on young England, and no doubt the same class of literature, partly periodical in this country, is to blame for much of the increase in crime here.

JUDGE LUDLOW, the recently re elected Democratic Judge in Philadelphia, committed, besides severely reprimanding, some of his constituents, the other day, for having insulted colored people in the street cars. It is certainly a pleasure to have been defeated by so upright a man, if we must be defeated at all.

REV. ALBERT BARNES, one of the most distinguished Presbyterian divines, and author of "Barnes' Notes," has been forced by his great age to resign his charge in Philadelphia. He is almost blind and quite infirm.

THE Chicago *Republican* asserts that Mrs. Lincoln is a monomaniac, and says that it is and has been known to be the case for some time. This is certainly a more charitable and more plausible way of accounting for her behavior than that adopted by some papers, of accusing the Democrats with being in collusion with her. A still more probable way to account for it is to believe that she did not know any better.

EVEN immaculate Chicago has at last overcome its innocence sufficiently in these latter days to have a whisky seizure within its boundaries. We clip: The distillery of Samuel Workly & Co., in Chicago, was seized Saturday. It was so constructed as to embrace secret spring connecting with one of the discharge pipes, upon touching which a prime quality of vinegar issued, while the distillery itself was actually running highwines. It was the custom when the revenue agent called for investigation to touch this spring and offer vinegar instead of highwines.

THE Republicans of Philadelphia are beginning to be stirred up a little by their late heavy local defeat. The Democratic organs there have saddled the radicals with all sorts of side issues which heretofore have been borne, unacknowledged, but also undenied. Among these there was the Sunday car question, which it seems the Union League men have determined to use their influence to have decided as soon as possible under their chaperonage.

ONE DAY Josiah Quincy, and J. Q. Adams visited the lecture room of Judge Story and took seats on the platform. The visitors were addicted to early rising and fancied it a virtue. Judge Story, in his lecture, was teaching that Nature indicates when we have slept enough, by rousing us without aid, and that it is best to finish your sleep in bed and be wide awake when out of it. Turning towards his guests he saw them both asleep, and, addressing the class, said, "Gentlemen, you see before you a melancholy example of the ill effects of early rising." A shout of laughter aroused the sleepers to listen to the remainder of the lecture. When persons sleep in church it is generally "the evil effects of early rising." The habit of arousing children out of sleep, by way of teaching them the virtue of daily rising, is a vice which should not be tolerated. Children should take light suppers and go to bed early, and sleep until they awake. Breakfast and school should always wait until they have slept as long as nature dictates, be that eight hours or twelve.

A LETTER from Wilkes, editor of the *Spirit of the Times*, gives an account of the loose women of Baden-Baden, which shows a very loose state of morals in Europe. The mistresses of Dukes and Princes trail, over gravel walks, dresses which cost not less than twenty thousand francs; and often cast them aside after a single wearing. Their styles are so bewitching that even Eugenia is forced to follow them, and, of course, our wives and daughters follow Eugenia. So, we are taken back to the days when "The Elephant" and "Maypole," two mistresses of George the Ist, ruled England, when chastity was at a discount, and stooped to take lessons of vice. In the butterflies of fashion this may be excusable, but in women professing christianity it is nothing less than criminal.

ROGER A. PRYOR, "the fighting member from the South," urges that the negro is not responsible for the evils of the South; that he has behaved well, and is entitled to the respect and assistance of the superior race.

Henry Ward Beecher in his discourse Sunday said that "some men will not shave on Sunday, and yet they spend all the week in *shaving* their fellow men; and many folks think it very wicked to black their boots on Sunday morning, yet they do not hesitate to black their neighbor's reputation on week days.

—Edmond Yates, who was once expelled from the Garric Club for caricaturing Thackeray, has been writing an article in the *Broadway*, "taking off" certain well known persons who are said to have done him no further harm than to treat him with hospitality. The Bishop of Oxford and an estimable London lady are said to be his chief victims.

—The death is announced, in England, of Mrs. Ann Rumsey, widow, in her one hundred and fourth year. It is an interesting circumstance that she was the daughter of the celebrated circumnavigator Captain Cook, who was massacred by the natives of Owhyhee, in the South Sea Islands, and that she was born only a few years after the accession of George III to the throne of England.

—Many of our readers will be interested to learn that Paul Weber, whose pictures are so familiar here, and who was compelled, under medical advice, to leave this country for Europe, has fully recovered his health, is hard at work again, and hopes to be able to return at no distant day to his adopted country and home in Philadelphia. AN AUTUMN SUGGESTION. Now, as heavy fogs arise and searching winds commence to blow; now as the human body, exhausted like inanimate nature by the heats of summer begins to wilt and droop; now, ere the inclement winter makes its trying onset; NOW is the time for a preparatory course of the best acclimating medicine in existence, HOSTETTER'S STOMACH BITTERS. Fever and ague is rampant in all parts of the country. Quinine, the physicians admit, will not annul the cause of the disease which at present pervades the entire West. It is well that it is so, for the remedy (so-called) is deadlier than the malady. But if quinine is inefficient in intermittent fevers HOSTETTER'S BITTERS is irresistible. It would be safe to make a contract, under heavy penalties, that any given "Fever and Ague District" should be exempted from the disorder for any particular time, provided every inhabitant would take the BITTERS according to directions, during the term of the contract. There has never been an instance in which this sterling invigorant and anti-febrile medicine has failed to ward off the complaint, when taken duly as a protection against malaria. Hundreds of physicians have abandoned all the officinal specifics and now prescribe this harmless vegetable tonic, and nothing else, as a preventive and cure for all the forms of chills and fever. Vigor is the thing most needful in these cases, as well as in dyspepsia and nervous affections, and in HOSTETTER'S BITTERS are the safest, surest and most wholesome strengthening preparation that human skill has yet concocted.

BLIND EYES RESTORED. The case to which we alluded some weeks ago, of Christiana Fisher, of Beaver county, is now entirely confirmed by the appearance of Miss Fisher herself, who to-day called on DR. KEYSER in person, to thank him for his genius and skill in restoring her TO ENTIRE AND PERFECT SIGHT. Miss Fisher had been nearly blind for four months. She was so blind that she could not distinguish any object so as to make out what it was. The case is remarkable, as hundreds of cases like hers are doomed to never-ending darkness, on the flimsy pretext that there is no cure, and nothing can be done. She was under DOCTOR KEYSER'S treatment for two months, and before she applied to him through her brother, Simon P. Fisher, slight hopes were entertained of her ever getting her sight. Her case is well known in the neighborhood where she resides, and has been regarded as one of extraordinary recovery.

We, the undersigned, know of the cure of Miss Fisher, and bear willing testimony to the facts above stated.

ACROSS THE SIERRA NEVADAS. THE Central Pacific RAILROAD, THE WESTERN HALF OF THE Great National Trunk Line Across the Continent,

Being constructed with the AID AND SUPERVISION OF THE UNITED STATES GOVERNMENT, is destined to be one of the MOST IMPORTANT AND VALUABLE RAILROADS IN THE WORLD, as it is the sole link of communication between the Pacific Coast and the Great Interior Basin, over which the immense overland travel must pass, and the

Principal Portion of the Main Stem Line Between the two Oceans.

Its line extends from Sacramento, on the tidal waters of the Pacific, eastward across the richest and most populous parts of California, Nevada and Utah, contiguous to all the great Mining Regions of the Far West, and will meet and connect with the roads now building east of the Rocky Mountains. About 100 miles are now built, equipped and in running operation to the summit of the Sierra Nevada. Within a few days 35 miles, now graded, will be added, and the track carried entirely across the mountains to a point in the Great Salt Lake valley, whence farther progress will be easy and rapid. Iron, materials and equipment are ready at hand for 300 miles of road, and 10,000 men are employed in the construction.

The local business upon the completed portion surpasses all previous estimate. The figures for the quarter ending August 31st are as follows, in GOLD:

GROSS EARNINGS.	OPERATING EXPENSES.	NET EARNINGS.
$487,579 61	$86,648 47	$401,031 17

Or at the rate of two millions per annum, of which more than three-fourths are net profit on less than 100 miles worked. This is upon the actual, legitimate traffic of the road, with its terminus in the mountains, and with only the normal ratio of government transportation, and is exclusive of the materials carried for the further extension of the road.

The Company's interest liabilities during the same period were less than $125,000.

Add to this an ever-expanding through traffic and the proportions of the future business become immense.

The Company are authorised to continue their line eastward until it shall meet and connect with the roads now building east of the Rocky Mountain ranges.

Assuming that they will build and control half the entire distance between San Francisco and the Missouri River, as now seems probable, the United States will have invested in the completion of 865 miles $28,599,000, or at the average rate of $35,000 per mile, not including an absolute grant of 10,000,000 acres of the Public Lands. By becoming a joint investor in the magnificent enterprise, and by waiving its first lien in favor of the First Mortgage Bondholders, THE GENERAL GOVERNMENT, IN EFFECT, INVITES THE CO-OPERATION OF PRIVATE CAPITALISTS, and has carefully guarded their interests against all ordinary contingencies.

The Company offer for sale, through us, their First Mortgage Thirty Year. Six per cent. Coupon Bonds,

Principal and Interest payable in Gold Coin, in New York city. They are in sums of $1,000 each, with semi-annual gold coupons attached, and are selling for the present at 95 per cent. and accrued interest from July 1st added, in currency, at which rate they yield yearly

Nine per cent. upon the Investment.

These Bonds, authorized by Act of Congress, are issued only as the work progresses, and to the same amount only as the bonds granted by the Government; and represent, in all cases, the *first lien* upon a completed, equipped, and productive railroad, in which have been invested Government subsidies, stock subscriptions, donations, surplus earnings, etc., and which is worth more than three times the amount of First Mortgage Bonds which can be issued upon it.

The Central Pacific First Mortgage Bonds have all the assurances, sanctions and guaranties of the Pacific Railroad Act of Congress, and have in addition several noticeable advantages over all other classes of railroad bonds.

First—They are the superior claim upon altogether the most vital and valuable portion of the through line.

Second—Beside the fullest benefit of the Government subsidy, (which is a subordinate lien,) the road receives the benefit of large donations from California.

Third—Fully half the whole cost of grading 800 miles east of San Francisco is concentrated upon the 150 miles now about completed.

Fourth—A local business already yielding three-fold the annual interest liabilities, with advantageous rates payable in coin.

Fifth—The principal as well as the interest of its Bonds being payable in coin, upon a legally binding agreement.

Having carefully investigated the resources, progress and prospects of the road, and the management of the Company's affairs, we cordially recommend these Bonds to Trustees, Executors, Institutions, and others, as an eminently *sound, reliable and remunerative form of permanent investment.*

CONVERSIONS OF GOVERNMENT SECURITIES Into Central Pacific FIRST MORTGAGE BONDS Now Realize for the Holders from Twelve to Eighteen per Cent. Advantage, WITH THE SAME RATE OF INTEREST.

Totten's Patent Grooved Chill Rolls. Equally valuable for BAR IRON AND STEEL, and especially for rounds and squares. We have made these Rolls for 4 inch, 9 inch, 10 inch, 12 inch, 16 in and 18 inch iron mills. Wherever used they have given great satisfaction, and we have the pleasure of referring to the following testimonials:

OFFICE OF THE AKRON IRON CO., Akron, July 7th, 1867. Mr. Robt. C. Totten, Pittsburgh, Pa. Dear Sir: We have had a pair of your patent grooved chill rolls in our bar mill for six months, and find them of a superior quality. The iron finished on them is of a smooth, even surface, and free from scales, and I consider them in all respects of great advantage, making better iron and of less expense, in consequence of requiring less dressing. Yours truly, BENJ. GROSVENOR, Sup't.

PITTSBURGH STEEL WORKS, ANDERSON, COOK & CO., Manufacturers of all Descriptions of Steel, Corner of Ross and First streets, PITTSBURGH, Sept. 7, 1867. Mr. Robt. C. Totten—Dear Sir:—The grooved chilled rolls which we procured from you about a year since have proved to be a perfect success. There is a great saving in dressing over soft Rolls, and give a much better finish to the Steel. We consider them indispensable. Your truly, ANDERSON, COOK & CO.

BLACK DIAMOND STEEL WORKS, PARK BROTHER & CO., PITTSBURGH, Sept. 14, 1867. Mr. Robt. C. Totten, Pittsburgh—Dear Sir:—In reply to your inquiry in relation to your new patent grooved Chill Rolls, we have to say that having used a number of them, we find they answer our purpose admirably. We are now using a pair of 16-inch grooved Chill Rolls, the last pair you made for us. These Rolls are used for finishing large rounds, and enable us to obtain such a finish upon our Steel as could not be had with the best ordinary grooved Rolls. The saving in turning your Rolls ready for use, is fully one-fourth less than is necessary when plain Chill Rolls have to be grooved in the turning lathe, whilst the advantage gained with your grooved Chill Rolls is, that the whole surface of the groove is uniformly hard, requiring not over one-half the work that is usually needed in dressing the ordinary grooved Rolls. We believe you have gained a great point in producing a grooved chill roll, an article that has long been desired by the manufacturers of Steel and Iron, to enable them to produce an article with a good finished surface. We take pleasure in recommending manufacturers of Steel and Iron to give your grooved Chill Rolls a trial. Respectfully yours, PARK, BROTHER & CO. We think we are warranted in believing that they will eventually take the place of Soft Rolls, especially for Rounds and Squares. All orders promptly attended to.

JACKSON'S UNIVERSAL WASHING COMPOUND. AN ENTIRELY NEW PREPARATION. We are now engaged in manufacturing this valuable article for cleansing purposes, which we have confidence will give entire satisfaction. HOUSEKEEPERS, PLEASE TRY IT. With it you can save at least from three to five hours' hard labor on the wash board, besides money, time and fuel. For FINE PAINTS it is invaluable, because it cleans them easily and make them brighter. It is also useful for SCRUBBING FLOORS, WASHING DISHES, &c. It is warranted to contain NO LIME, or other injurious article. For sale by GROCERS and DRUGGISTS generally, and wholesale and retail at our Office and Salesroom, No. 59 FOURTH STREET. GEO. R. SLATER & CO.

The Pittsburgh Gazette

THE COURTS.

Quarter Sessions—Judge Stowe.

This Court met at ten o'clock Tuesday morning. The following business was transacted during the session:

VERDICT RENDERED.

In the case of James *alias* Reynolds Johnston, indicted for felonious assault and battery, on oath of George Washington, the jury found the defendant not guilty of the felony of which he was charged, but guilty of misdemeanor in unlawfully cutting and wounding the prosecutor. We were a "little previous" in announcing this verdict in yesterday's issue, but claim no credit for anticipating.

CROSS ASSAULT AND BATTERIES.

Commonwealth vs. Hugh McHugh, indictment assault and battery, on oath of Rosanna McHugh. Verdict, "guilty."

Commonwealth vs. Rosanna McHugh and Sarah Hall, indictment assault and battery, on oath of Hugh McHugh. Verdict, "not guilty, prosecutor to pay the costs."

Commonwealth vs. Hugh McHugh, indictment assault and battery, Rosanna McHugh prosecutrix. Verdict, "not guilty, defendant to pay the costs."

The McHughs, man and wife, reside in the Second ward, Allegheny, and the "difficulties" out of which the suits arose occurred on the 24th of June and 29th of July last. Mrs. Hall, a neighbor, took part in the row by assisting Mrs. McHugh in beating her husband. The Court sentenced McHugh to pay the costs in two of the cases, and in the other, in which a verdict of guilty was rendered, to pay a fine of ten dollars and the costs.

HORSE STEALING CASE.

William *alias* "Anti-Renter" EcElroy was arraigned upon an indictment charging him with stealing a horse from John Allen, of Lower St. Clair township, on the 8th of September. The horse was taken from the premises of Mr. Allen, and left on those of Mr. Watson Provost, where the defendant appeared and claimed him, under circumstances leading to the belief that he had first taken the horse and then adopted a ruse which he imagined would divert suspicion. Evidence was adduced for the defence that the prisoner was an irresponsible person, and generally regarded as demented. The jury found a verdict of not guilty by reason of insanity.

DEFAULTING JURORS FINED.

The following jurors (having been properly served) were fined twenty dollars each and attachments awarded, for non-attendance: Calvin Adams and Wm. Phillips, Second ward, city; B. F. Cox and Alexander Millar, McKeesport; Samuel Duff, Penn township, and Andrew Soles, Versailles township.

COAT AND WATCH THIEF.

Thomas Jackson was arraigned for the larceny of a coat and watch, valued at about fifty dollars, from the tobacco store of John Bush, Ohio street, Allegheny, on the 31st of July last. Prisoner was arrested shortly after the larceny and the stolen articles found in his possession. The jury found a verdict of guilty without leaving the box. The prisoner was sentenced to the Penitentiary for three years, the highest penalty of the law. He was indicted at a recent term for burglary, but escaped conviction by a witness absconding, and the Court was further advised as to his antecedents.

ATTEMPT TO ROB.

Henry Johnson, colored, was indicted for attempt to rob. Michael Tool, market man, testified that early on the morning of Sept. 17th, while asleep in the Diamond Market, he was awakened by some one attempting to rob him. He sprang to his feet and pursued the would-be robber, overhauling him at the corner of Fifth and Union streets. The person proved to be the prisoner, and he was handed over to a policeman. The jury convicted without leaving the box. The prisoner was sentenced to the county jail for two months. He is in bad health, and from his appearance not long for this world.

HIGHWAY ROBBERY.

Charles Douglass was arraigned in the Oyer and Terminer to answer a charge of highway robbery. The offence was alleged to have been committed on the 11th of September last. The prosecutor, Patrick Bannon, residing in Synder's Hollow, and a butcher or cattle dealer by occupation, testified that on the evening of the 11th of September, between nine and ten o'clock, he was in the Union Hotel, Allegheny; had a couple of drinks, and was about to start home, when prisoner volunteered to go with him: Bannon said he had traveled the road long enough, and could go by himself; he (Bannon) then called for a drink, but the bar keeper refused him, stating that he had enough; Bannon pulled out his money and said he had plenty to pay for what he wanted; prisoner told Bannon to leave his money with the barkeeper, and he (prisoner) would go with him home. Bannon refused his escort, and soon after started away. He had gone but a very short distance from the hotel when he was assaulted, knocked down and robbed of eighteen dollars; when down prisoner put his foot on his (Bannon's) neck, and said, "you Irish son of a b——, if you speak I'll put a knife in you," or words to that effect, but Bannon nevertheless cried out. At the time Bannon said he noticed near a tall man, whom he took to be a person he had seen at the Union Hotel talking with prisoner. Bannon said he never saw the prisoner before that night; that at the time of the robbery he was in his shirt sleeves, and that he took away with him his (Bannon's) coat, which Bannon was carrying on his arm.

R. S. Morrison, Esq., counsel for the defense, in cross-examining the prosecutor, tried to make it appear that he was considerably under the influence of liquor, having drank pretty freely during the evening.

Albert Housebeck, boarding at McAllister's hotel, testified he heard the cry of "murder," and immediately after saw the prisoner, who was in his shirt sleeves and had a brick in each hand. Bannon then came up, and said he was robbed; prisoner said, "where is the s— of a b— that robbed you?" Bannon said, "you are the man who robbed me." Prisoner then knocked Bannon down and turned his (Bannon's) pockets inside out, finding no money, except one penny.

Mr. Neely, proprietor of the Union Hotel, testified to suspicious movements of the prisoner and his tall companion, and to the fact that Bannon accused them of designing to rob him, begging them to let him alone, and even "treating" them upon the condition that they would cease annoying him.

The case was not concluded at adjournment.

Common Pleas—Judge Sterrett.

Tuesday, Oct. 15.—John Woods, Jr., vs. Silas and Rebecca Hall. Jury withdrawn and plaintiff takes a non-suit.

—The following decision of our Supreme Court, may be of great value to persons doing business with banks:

The Pennsylvania Supreme Court have decided that drawing a check on a bank in which the drawer has no funds, and uttering it, is fraud, both on the person to whom it is negotiated and on the bank. Case of Peterson vs. Union National Bank. It is fraud in the holder of a check to present it for payment, when he knows the drawer has no funds in the bank to meet it. The holder of a check deposited it in the bank on which it was drawn, knowing that the drawer had no funds to meet it; it was passed to the holder's credit and charged against the drawer. *Held*, that this was not payment of the check by the bank, and that the holder could not recover the amount from the bank. This decision is of importance to a class of persons who are in the habit of "kiting" checks, giving "memorandum" checks and checks dated ahead. All such practices are frauds under this decision, and if the checks so uttered are not stamped as promissory notes they are also in violation of the United States Internal Revenue law. Persons who are guilty of drawing checks when they have no funds in bank very soon lose their credit, and have their accounts closed by the banks, and may consider themselves lucky if they escape prosecution for fraud.

—The *Financial Chronicle* thinks the discovery of the counterfeit 7 30 notes will soon lead to the speedier conversion of the good notes into 5-20 registered bonds. The aggregate of 7-30 notes now out is thus reduced to 365 millions, of which some 125 millions mature in June next, and 140 millions in the following month. The aggregate of these two issues was originally 530 millions.

The *Chronicle* also shows that there is now real danger of our losing control of the cotton trade. Just now American cotton in Liverpool averages 20 cents in currency for low middling, but from this 2½ cents of tax has to be deducted, and 3½ cents for expenses, leaving but 14 cents for the grower, and at this price, it is declared, it cannot be grown at a profit. What cost 6 cents in gold for production before the war, now costs 14 cents in currency. The cotton tax of 2½ per cent. and the expenses, enables the planter in India to sell India cotton in Liverpool at a price 60 per cent. above its value before the war.

—Stockholders in national banks will be likely to be occasionally reminded of that section of the national bank act which makes them liable to the extent of the par value of stock held by them. The United States attorney for Pennsylvania has entered a suit against the shareholders of the Venango National Bank. The United States was a heavy creditor of this institution at the time of its failure.

Our banks now feel quite sure of closing the six months run without any important losses in the way of bad debts. Very little paper now goes to protest. There has not, within our recollection, been such a long, dull period for the notaries as the time that has elapsed, since the beginning of the present era of greenbacks. Their labors have, for several years, been to them of a very unsatisfactory character. The cases of protests which fall into their hands belong to a very limited circle of names.—*Phila. Press.*

PITTSBURGH PETROLEUM MARKET

OFFICE OF THE PITTSBURGH GAZETTE, TUESDAY, October 15, 1867.

CRUDE—There was next to nothing done in crude to-day, and while the market is quiet, prices are nominally unchanged. The hopes entertained on Saturday and Sunday of an early resumption of navigation have almost completely vanished, and the impression now prevails that there will be no rise this month. This will place those who have sold "short" for this month's delivery in a very precarious situation, as they will either have to buy the oil here or settle the difference in cash. We have but a single sale to record, 200 bbls at 13½c, bbls to be returned. Spot oil, that is for round lots in tank, may be fairly quoted at 14c. That same two thousand barrels, to be delivered on first water, is still on the market at 12c, without finding a buyer.

REFINED—It is an old saying, and generally a true one, "that there is always a calm after a storm." Yesterday, the sales of bonded oil footed up eighteen thousand barrels, while to-day, there was not a single transaction—at least, we had none reported. Prices, however, are nominally unchanged, and we quote, in the absence of sales, at 35¼@35c for October and November; 34¼c for December; 33½c for January; 35¼c for October, November and December, and 35c for October to January. We can give no satisfactory reason for the apparent "lull" in the market to-day, unless it is that dealers were engaged in settling up what they did on Monday.

IRON AND NAILS.

OFFICE OF THE PITTSBURGH GAZETTE, TUESDAY, October 15, 1867.

Orders for manufactured Iron and Nails flow in rather slowly, though, there is, nevertheless, a fair volume of business, in the aggregate, and most, if not all, of the mills are in full blast. An early resumption of navigation would doubtless improve this important branch of trade very much, as the cost of transportation is generally cheaper by river than by rail. Cincinnati Market.

[By Telegraph to the Pittsburgh Gazette.]

CINCINNATI, Oct. 15.—Flour firm but quiet, and prices unchanged; family $12,00@12,25. Wheat firmer, but prices are not higher, though holders were asking higher prices, but millers were holding back. Bacon dull at 14c for shoulders, 17½c for clear rib, and 18½c for clear sides. Weather too warm for hog slaughtering, and the parties who had been experimenting in it abandoned it, the meat spoiling. The thermometer is up to 70 deg., and to-day has been like summer. Butter unchanged and firm at 30@42c for fresh. Cheese steady. No change in Seeds. Gold 143½ buying.

PITTSBURGH MARKETS

OFFICE OF THE PITTSBURGH GAZETTE, TUESDAY, October 15, 1867.

The general markets are devoid of any new features worthy of special notice. Business generally is not very active, and in some departments there seems to be a falling off; and indeed, as a general thing, the demand for the leading articles of trade is confined mainly to supplying the immediate wants of the local trade, and as a consequence, we have but few round lot operations to record.

GRAIN—Wheat is in active demand and in limited supply, and prices are tending upward; sale of 3 cars "Amber" on private terms. Oats quiet but steady and unchanged; sale of 150 sacks, on track, at 65c—may be quoted at 70c in store. Rye is firm and advancing; sale of 51 sacks at $1,50; and 1 car load at $1,52. Corn is quiet and unchanged at $1,24@1,25. Barley is hardly so firm, but as yet unchanged.

FLOUR—There is no improvement to note in the demand, and while the market is firm, prices are without quotable change. We continue to quote at $11,25@11,75 for Spring Wheat; $12,50@12,75 for Winter Wheat; and $14@14 50 for fancy brands. Rye Flour quoted at $8,50@9.

PROVISIONS—Bacon is steady, with a fair demand at 14¼@15c for Shoulders; 17@18c for Ribbed and Clear Sides; 22c for Plain Sugar Cured Hams, and 24@24½c for Canvassed do. Lard may be quoted at 14¼@15c, and Mess Pork at $24.40@25.

APPLES—Under the influence of increased arrivals, the market is dull and lower, and quotations may now be fairly given at $2,50@4,50 per bbl—the latter figure only for choice.

BUTTER—Is a little dull, and with increased receipts, and no corresponding improvement in the demand, prices, if anything, are tending downward; prime fresh Roll may be quoted at 38@40.

OIL—Lard Oil is firm, with regular sales by manufacturers at 95c for No. 2, and $1,15 for No. 1.

CHEESE—Is firm, with a steady demand but unchanged—sales at 14@18c—the outside figure for Goshen.

HAY—Is steady but unchanged—sales from country wagons at $18@20 per ton, according to quality.

POTATOES—Sales of Jersey Sweets at $5 per bbl, and market firm.

New York Produce Market.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, October 15.—Cotton firmer, closing quiet; sales of 1,800 bales at 19½c for Middling Uplands. Flour; receipts, 15,965 bbls; the market was 10@15c better; the advance was chiefly on shipping grades; sales of 18,400 bbls at $9.35@10 for Superfine State and Western; $10,60@14,10 for Extra Western; $10,90@14,25 for R. H. O; $11@16,50 for St. Louis; closing quiet; California firmer; sales 3,500 sacks at $11.75@13.75 Rye flour; sales of 150 bbls at $7,75@9.35. Whiskey steady. Wheat; receipts, 150,067 bush; the market opened 2@3c better, but with a further advance in freights the improvement was lost; sales of 234,000 bush at $2,26@2,28 for No 3 Spring; 2.34 for No 2 do; $2,26@2.40 for No 1 do; $2,75 for Amber State; $2,80 for Amber Michigan; White Michigan, for export, at private terms. Rye quiet and; sales of 3,000 bush State, to arrive, at $1,75. Barley heavy and lower; sales of 18,000 bush at $1,58 for Western; $1,51 for Canada West. Barley Malt dull, sales of $2,000 bush poor, at $1,35 for Canada. Peas firmer; sales of 7,000 bus, in bond, at 56c. Corn; receipts, 67,733 bush; the market opened 1c better and closed firm; sales, 96,000 bu at $1,42@1,44, Mixed Western in store and afloat; closing at $1,43 afloat; $1,45 for No. 1 Illinois. Beef quiet; sales 120 bbls at previous prices. Beef hams quiet; sales 60 bbls at 30c. Bacon quiet and steady; sales 85 boxes Stratford at 13¾@13½c; sales 2,000 lbs short ribbed bulk at 13½c. Cut meats dull; sales 145 pkgs at 12@13c for shoulders; 15¼@17¼c for hams. Lard heavy; sales 950 bbls at 13¾@14¾c, the latter an extreme. Butter in good demand, at 20@22c for State. Cheese steady, at 18c. Freights to Liverpool firmer; 60,000 bu at 11@11¼d per sail, and 14d per steamer for wheat; 10¼d per sail for corn, closing firm, at 15d per steamer for wheat, with shippers at 14½d.

LATEST, 5 P. M.—Flour closed firm and fairly active on medium grades. Wheat is steady at $2,27 for No. 3; $2,33 for No. 2, and $2,37@2 38 for No. 1 Spring. Rye is quiet at $1,68 for Western. RIVER NEWS.

The river rose about twelve inches at this point during the twenty-four hours ending yesterday afternoon, at which time it was apparently at a stand with twenty-one inches in the channel. This little swell is out of the Monongahela. The advices from Oil City are by no means encouraging for a rise in the Allegheny. The weather yesterday was cool and pleasant, though, at times, there was a warm western wind, which is regarded as being a precursor of rain.

DELEGATES TO THE CONVENTION.—The following gentlemen have been appointed delegates to the Convention of Western Steamboat Captains, which meets at Cincinnati to-day, from St. Louis: Captains E. W. Gould, Jos. Brown, A. Phillips, John P. Keiser, Geo. Pegram, I. M. Mason, Henry W. Smith and J. P. Fitzgerald.

DEATH OF AN ENGINEER.—John W. Hayden, second engineer of the steamer Marble City, after a short illness, died during the recent trip of that boat on Wednesday, the 9th inst., near Tiponsville. He was about thirty-five years of age, and a resident of Madison, Indiana, where he leaves a wife and six children. His remains are being sent to Madison for interment.

PERSONAL.—The following well-known steamboatmen have abandoned the profession, viz: John Tennison, who goes to South America; Sam. McBride, to Patagonia; Sauk Flower, Central America; Jule Douglass, Chili. In addition to the above, Grouse Howard and George Miller go in search of Sir John Franklin.

Capt. Wm. B. Allman, an old pilot and steamboat Captain of many years standing on the Warrior river, is dead of yellow fever. He commanded the Virginia No. 2.

ENCOURAGING VIEW.—The New Orleans editors anticipate a great business when the Mississippi rises and the yellow fever ceases. An article says: "One of our largest merchants and ship agents gives us the pleasing information that a large number of ships are either on the way or preparing to sail from Northern and European ports for New Orleans; that by the ides of November the levee will present a more encouraging business aspect than for a long time past."

The J. H. Lacey, which was snagged and sunk in Missouri river, Thursday night, was insured in the following Cincinnati offices for $5,000 each: National, Central, Buckeye State, Magnolia, America and Union.

The Cincinnati *Gazette*, of Monday, says: The America went to the docks Saturday, to repair damages sustained in her efforts to work off the bar on her last down trip. It is expected that she will be prepared to resume her tri-weekly trips to Manchester to-morrow. Mr. Thomas Reese leaves for Pittsburgh this evening. He has been superintending the shipment of the engines and boilers removed from the Peerless, which are to be placed in a new boat now building at Pittsburgh, by Captain J. T. Stockdale, for the Montana trade. Captain James T. Cox, of the firm of Cox & Humphreys, died in Memphis of yellow fever, Friday. He was formerly engaged in the wharfboat business in Evansville.

The *Commercial*, of same date, has the following: Mike Jordan is the name of the watchman who died on the Silver Cloud No. 2, and was buried near Rodney. He resided in Pittsburgh. The Osceola is plying between Mobile and the Bigbee river. The A. T. Lacey, recently sunk in Missuri River, at Columbus, succeeded in landing all her passengers. She had over 300 sacks of grain on board. The water is over her boilers. Capt. Jos. H. Porter, of the Ezra Porter, was in the city yesterday. He left for Louisville on the mail boat. Captain A. C. Monfort, only reports 24 inches on the Medoc bar, the shoalest point between Cincinnati and Louisville.

The New Orleans *Times*, of the 10th, says: It is thirty-seven days since the Board of Health declared the sickness of an epidemic character, though it was well-known to be epedemical between the 20th and 25th of August—ten days before the declaration of the Board of Health. The fever has passed its culminating point; that is, the worst is over, but it will continue through the month, frost or no frost. Subjects for it are arriving daily, by every conveyance leading to the city. The Board of Health should, according to its assumption of power, (collecting that five dollars at the Rigolets) issue an edict to prevent people from coming to the city to furnish aliment for the epidemic. There is nothing like impartiality in public bodies. If the Board of Health has the right to collect fees from vessels and steamers from adjacent places passing through the Rigolets and Chief Menteur they have a right to prevent people from coming to the city on board these vessels, as well as by steamers on the Mississippi River, by the Jackson and Opelousas Railroads. If people will refrain from coming to the city for three or four weeks, or a month, the sickness will terminate without the advent of frost.

ST. LOUIS, October 12—Weather delightful. It is the balmy time of the year. River still declining very slowly. Latest advices represent the river receding at Davenport, Dubuque and St. Paul, with pretty heavy rains at St. Paul on Monday, which might avert a very low stage of water in that section. Briskness characterizes river business on the Upper Mississippi. In a short time business will be very brisk also on the Lower Mississippi and tributaries. Let the yellow fever depart and rivers rise and it will be all right. The Only Chance fired her big gun in the harbor last evening. She is direct from Benton, completing her second trip there, and is the only boat that succeeded in making two full trips in the Benton trade this year. She has been admirably controlled and managed throughout. Pilots write us that but five and a half feet water with the slack, was found hence to Cairo.

It was rumored on the street last evening that the steamer War Eagle had been snagged and sunk in deep water, near Brunswick, Mo. Her cargo is said to be a total loss.

SUNK.—The steamer Malta was sunk in the Muskingum, just below the Windsor lock, on the 26th ult. The boat was turned over to the underwriters. Insurance $4,000—all she was worth.

The St. Louis *Republican*, of Monday, says:

ANOTHER.—We are pained to announce the death of Ben. Thornburg, which took place at noon Saturday in New Orleans, of the prevailing epidemic. Mr. Thornburg was an old and universally popular pilot in the St. Louis and New Orleans trade, and leaves a large family, and also a wide circle of friends to mourn his death.

DEPARTED—The Luella, Capt. Haslett, left yesterday for the Ohio river, to see if an honest penny could be earned during the present low water season.

The Louisville *Democrat*, of Sunday, says: Aaron and Hardin Peckenpaugh, who were foolishly arrested the other day, charged with the burning of the Ella Faber, were discharged by Judge Craig yesterday morning, before half the witnesses were examined. They had no business being arrested in the first place, for two more honest men than they don't live.

MISCELLANEOUS.

DR. J. SARGENT'S
FAMILY MEDICINES.
DR. JOHN SARGENT'S
Anti-Dyspeptic and Liver Pills.
A CERTAIN CURE FOR
Liver Complaints, Dyspepsia, Bilious Attacks, Jaundice, Sick Head-Ache, Colds, Costiveness, &c.

THE EXTRAORDINARY AND increasing demand for my ANTI-DYSPEPTIC AND LIVER PILLS, has induced me to make them more public, in order that their usefulness may be more extensive, and would earnestly beg of those who have tried other medicines and not experienced the relief they anticipated, to try, for once, SARGENT'S ANTI-DYSPEPTIC AND LIVER PILLS. There are no other Pills yet compounded which have given such universal satisfaction, nor do any other Pills meet the requirements of the household as do these.

I cannot, of course, enumerate the diseases for which these Pills are beneficial, but whenever a cathartic is necessary, they will effect a speedy and permanent cure. They remove from the blood all corrupt humors, which are always the cause of the disease; they open those excretory vessels which empty into the bowels; they give a healthy action to the liver, enabling it to throw off all corrupt humors; they promote the secretion of bile, aid digestion, purify the blood, and will, in a short time, restore the body to a state of sound health.

DYSPEPSIA.—This distressing malady—so prevalent in our country—is caused by a want of tone in the stomach, the usual symptoms of which are as follows: A pain or uneasiness upon pressure below the sternum or breast bone, sometimes attended with a eructation (water brash or heart-burn) a disposition to vomit, flushes of heat proceeding from the stomach, instantly circulating through the whole system; loss of memory; a variable, uncertain appetite; great depression of spirits, inclining to melancholy; weariness and great antipathy to exercise.

It is seldom that all the above symptoms are found in the same patient at one time; any of them, therefore, is a sufficient indication of the presence of the disease and need of this medicine.

DR. SARGENT'S ANTI-DYSPEPTIC AND LIVER PILLS, never fail in curing this disease, when taken according to the directions.

I attach a few of the many certificates I could give in such a form as I hope will be satisfactory; but all the certificates I could publish will not inspire half the confidence that one trial will give.

FROM DR. JOHN BUTLER.
LOWELLVILLE, TRUMBULL CO., O.—DR. J. SARGENT—Dear Sir: I regret your want of attention in keeping me supplied with your Anti-Dyspeptic and Liver Pills; they sell so fast in my drug store. I have been using them in my practice also, with the best consequences. I find them the most efficient of any pills I have ever used. I have been frequently astonished at the large amount of bile removed by so small a quantity of pills given. I request you to send me a fresh supply immediately, as I have been sometime without. JOHN BUTLER, M. D.

STEUBENVILLE, OHIO.—DR. SARGENT—I write to request you to send me a box of your Anti-Dyspeptic Pills by mail. I have not been able to get them since I left Allegheny. I cannot do without them; they have done me so much more good than any other medicine I ever used. I hope you will send some down to our druggist, so that I can get them when I want. I am sure they will sell fast if known. Your compliance with the above will oblige yours, respectfully, JANE WARLOW.

ROCK POINT, BEAVER CO., PA., February 21, 1866.—DR. SARGENT—Dear Sir: After suffering for two years with Liver Complaint, attended with bad cough, and trying several remedies, I was induced to try your pills, which relieved me immediately, and I take pleasure in recommending them to all suffering from these complaints. Very truly, yours, D. D. MORLEY.

ROCHESTER, PA., 1867.—DR. SARGENT—I consider that I owe my life to the use of your pills. Before I began to use them I was going down very fast. My physician had done all he could, but I still got worse; but when I began to take your pills I got better, and I have no need of the doctor. I am now seventy-five years of age.
ABRAHAM WALKER.

This is to certify that I have used Dr. Sargent's Liver Pills in my family for the last two years, and I consider them the best medicine I know of.
New Brighton, Pa., July 1, 1867. J. M. DEVINNY.

DR. SARGENT'S ANTI-DYSPEPTIC AND LIVER PILLS can be had of all Druggists—both sugar coated and plain. Be sure and call for Dr. Sargent's Anti-Dyspeptic and Liver Pills, and take no other.

DR. SARGENT'S
COUGH SYRUP,
An Old Preparation for the complete cure of
COUGHS, COLDS, INFLUENZA, CROUP, DIFFICULTY OF BREATHING, ASTHMA, QUINSY, PHTHISIC, ACUTE AND CHRONIC BRONCHITIS, NIGHT SWEATS, BLEEDING OF THE LUNGS, AND ALL DISEASES OF THE LUNGS, THROAT AND CHEST.

DR. SARGENT'S COUGH SYRUP contains nothing injurious, but can be taken by the most delicate with perfect safety. It does not dry up a cough as most of the quack preparations do that are now flooding the country, but loosens the phlegm from the mucous surface of the Bronchial tubes, and aids in its expectoration, at the same time allaying the cough and relieving all pain from the Chest and Lungs.

DR. SARGENT'S COUGH SYRUP is of incalculable benefit in Whooping Cough, subduing it in a few minutes, and speedily effecting a cure; and for Croup or Hives it is the most efficient and reliable remedy ever yet discovered—one dose taken according to directions often saving the life of the child.

Sold by all Druggists and Dealers in Medicine. Buy a bottle and give it a trial.

DR. JOHN SARGENT'S
Diuretic or Back-ache Pills,
FOR ALL DISEASES OF THE
KIDNEYS AND BLADDER.

These Pills have now been before the public in this neighborhood for upwards of thirty two years, during which time they have been eminently successful in the removal and cure of these dangerous and troublesome diseases, which often baffle the skill of the best Physicians. The fact is well attested by the many wonderful cures they have effected, some of long standing. A sense of duty and the urgent request of those who have experienced the beneficial effects of the medicine, have prompted me to make it more generally useful, by giving it a much wider circulation. Believing that there is no other medicine published for these complaints that can be carried to every house, except by the aid of a physician, I am willing to make this fact that there are thousands who are either too far removed from or are unable to procure the aid of one who will prescribe for them.

This disease, commonly called Back-ache, and to which these Pills are peculiarly applicable, is found to exist in the aged or infirm, the laborious and the sedentary, is caused by obstructions or calculi, inflammation of the kidneys, urethra, bladder, &c., and is known by a dull, heavy pain in the small of the back, sometimes extending around the loins to the abdomen; or a sharp, heavy, or numbing pain, extending from the back down to the inner part of the thigh, great difficulty is experienced in voiding the urine, and many persons afflicted with this troublesome complaint are unable to endure violent exercise, and, when stooping, have danger in assuming the erect position. Having had numerous opportunities for forty years of testing the virtue and efficacy of this medicine, and with the advice of many who have experienced the good effects of it, I now respectfully submit it to the public, knowing that it will be generally beneficial. The few certificates I publish are from this immediate neighborhood, and can be referred to at any time.

CERTIFICATES.

SIR—This is to inform you that I was very much afflicted with violent pain in the back, and a difficulty in voiding urine. I was recommended by Mr. McClintock to take some of your Diuretic Pills, which I did, and was perfectly cured, and I have not felt any of the complaint since, being eighteen months.
MERCER COUNTY. JOHN STEWART.

DR. SARGENT—SIR: I have to inform you that I believe I owe my life entirely to taking some of your Pills. I have been taking medicine for several days from my physician without effect, being confined to bed and in great agony, when you were applied to, and the medicine was sold by you as a cure for the gravel. I took the first dose as you directed, and experienced relief, and my disorder left me after taking the remainder.
ALLEGHENY. MARGARET BEAT.

DR. SARGENT—I was for a long time afflicted with what I thought to be rheumatism in my back, so that when I stooped down I could scarcely right myself again. I was advised to try your Pills, which cured me, and I have not felt it since. I have since given a great many to others, who have found the same benefit.
J. WILLIAMSON.

CROWN'S BOTTOM INN.
SIR—I was for a long time afflicted with a pain in my back. I was advised by Mr. Williamson to try your Pills. He gave me some, which completely cured me. I have since obtained two boxes, and gave them to others in our town with the same effect, and if you had charged ten dollars for them I would have paid it cheerfully.
LEWIS HUMISTON.

AKRON, OHIO.
SIR—I have been afflicted with the complaint described in your papers for the last five years, during which time I have tried everything I could hear of without effect, till I met with your Pills. I have now taken half a box, and want more to continue taking them, as I feel better now than I have felt for four years, and I have no doubt the next box will cure me.
J. MILLER.

ALLEGHENY.
SIR—I have been troubled with back ache for four or five years, so that at times I could not rise up or lie down without pain. I took part of a box of your pills, which completely cured me, and I have been at perfect ease ever since. I do, therefore, confidently recommend them to others.
PETER CRUMPTION.

ALLEGHENY.
DR. SARGENT—SIR: I take this opportunity to state that your Diuretic Pills are the most effectual medicine for the back ache I ever met with. I can confidently recommend them from experience.

MEDICAL.

CONSUMPTION!

It would take a man a lifetime to read the treatises that have been written upon this important subject, and if a sick man were to attempt it he would make himself worse by the reading, and die before he got half through. The symptoms of the disease are, hacking cough, expectoration of matter or pus, pain in one or both lungs, chilliness, burning in the palms of the hands and soles of the feet, exhausting day or night sweats, hectic fever, wasting of flesh or marasmus, sometimes expectoration of blood. These are the usual outward symptoms, apparent not only to the observing physician, but to the patient's friends. There are, however, more important symptoms than these, which are only made manifest by auscultation and percussion, terms which mean, in a medical sense, thumping and listening and they are employed outwardly in order to ascertain what is going on inside of the cavity of the chest. The signs of symptoms elicited in this way are almost surely demonstrate the true and exact condition of the respiratory organs. A perfect auscultator can not fail in ascertaining whether the Lungs are acting naturally or not. Hence it is the best method of examining the lungs. Their actual condition once discovered, the appropriate treatment is more rapidly arrived at, and every diseased part more completely under the influence of appropriate remedies. We have long been of the opinion that consumption or decay, or wasting of the bodily strength, was dependent on a depraved state of the blood, which carries, in its course, tuberculous matter, and deposits it in the lungs, or elsewhere in the body, just as calculi or stone is deposited in the bladder, a small particle of which attracts other particles, until it becomes of such offense to the natural functions as to bring on inflammatory action, which action, if it could, would carry it out of the system, and which could have been easily done in the beginning of such disease. Dr. KEYSER'S PECTORAL SYRUP is a complete and perfect cure in the forming stage of lung disease. It acts on the very principle we have stated above, by enabling the securing or carrying off organs to do a double share of work Waste and repair are easily comprehended if the worn out material be carried off, and renewing material of a proper character, the result must be health and ease, the contrary of sickness and disease. In many cases of consumption which have become settled, Dr. Keyser's Pectoral Syrup fails to cure, although it will do good in nearly all. He prepares a medicine called LUNG CURE or PULMONARY RESTORATIVE, which is a great tonic, and strengthens and restores the parts to be renewed, while it dissolves and carries out from the body those particles of worn out or extraneous matter, which only tend to clog or destroy it, by hindering the renewing material being deposited in proper place.

PULMONARY CONSUMPTION, RESULTING FROM PLEURISY, CURED.

Statement of George Ford, carpenter, of No. 16 Sampson street, Allegheny City:

I took a violent attack of pleurisy, in May, 1866, which left me with a cough lasting all summer, wearing away my strength and gradually undermining my health. During this attack of pleurisy I had several physicians of the highest reputation in the city. After I had partially recovered from the pleurisy, I was advised to go into the country, which I did, and when there a called in a doctor, who told me my left lung was affected, and that if something were not done soon I would die of CONSUMPTION. I lingered on from this time until about the middle of June, my cough and lung disease gradually growing worse, and I weaker every day, and almost despairing of ever getting well. In this state of despondency, and knowing the general belief of the incurability of Consumption, and having heard of cures made by DR. KEYSER and seeing his advertisement in the newspapers, I was induced in October last to call on the Doctor at his office, 120 Penn street, and had him examine my lungs with his "LUNG SOUND." He told me the upper lobe of my left lung was very much diseased. Yet he thought with great care and the perseverance in the use of his medicine, I would get well. At the time I called on Dr. Keyser my pulse was over one hundred and thirty beats in a minute, and I was generally prostrated, and had to cough night and day. I commenced the Doctor's treatment in October, with a feeble, broken constitution, and continued it faithfully until the present time. The Doctor's medicines helped me from the very start, and I could gradually feel myself getting stronger, and my cough and expectoration lessening. I have gained greatly in flesh, and consider myself well; all the rattling of my lung has ceased, and my general health is in every way good. All my relatives and friends know of the advanced stage of my disease and my extraordinary recovery. One of the medicines given me by Dr. Keyser was a medicine called LUNG CURE, which I took in connection with the other treatment. GEORGE FORD

PITTSBURGH, March 20, 1867.

ANOTHER CURE OF CONSUMPTION.

STATEMENT OF JOHN G. WIGHAM, OF TURTLE CREEK, ALLEGHENY COUNTY.

I was discharged from the United States army January, 1866, on account of a wound in the chest, from a shell, and a disease which the army physicians pronounced CONSUMPTION. I had a terrible cough and fell away in strength and flesh and was unable to do anything. Shortly after my return from the army, I made application to a physician of my neighborhood and, afterwards, to another in Pittsburgh of high reputation, whose remedies I used faithfully for five months, without any benefit whatever, but rather grew worse, and wasted in flesh and strength every day. In August, 1866, my mother took me to DOCTOR KEYSER, of 120 Penn street, whose skill in such cases like mine had been highly spoken of and put myself under his treatment. The Doctor examined my lungs very carefully with his LUNG SOUND, and told me that my left lung was badly diseased at the upper part, but if I was careful he thought he could cure me by following his directions closely, which I did from that day to this. I gradually improved under Dr. Keyser's medicines from the first week I commenced to take them, and my general health has improved, and my chest, where it was sunk in and away, and where it pained me, has become full and strong and free from pain. I can now do a full day's work, and take great pleasure in giving my testimony in favor of Dr. Keyser's treatment and medicines.
JOHN G. WIGHAM, Turtle Creek.

PITTSBURGH, April 11th, 1867.

A case of five years' standing cured by DR. KEYSER'S PECTORAL SYRUP:

DR. KEYSER:—My wife has been afflicted with a cough and difficulty of breathing for five or six years, which, for several years back, had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case I procured some of your PECTORAL COUGH SYRUP. I bought the first time a fifty cent bottle, which relieved her very much; I then called and got a dollar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself for a cold and cough. The medicine cured me by taking one dose. I express my entire satisfaction with the medicine, and you are at liberty to publish this if you desire to do so.
WM. WILSON, Alderman, Fifth Ward.

Our son, JAMES PAINTER, some three years of age was afflicted with consumption of the lungs, for which he was discharged from the army. He was examined by four army physicians, who all agreed that he must die with the disease. We brought him to Dr. KEYSER, 140 Wood street, (now 120 Penn street,) who, after sounding his lungs, commenced to treat him, and cured him sound and well. He is now well and has been so for the past three years. Others afflicted in like manner can likewise be cured.
